

JAPS IN FIGHT ABOUT WAR OF CHINESE TONGS

Knives and Brickbats Used in What Is Likely to Be Fatal Affray.

Complications likely to become of international significance among the oriental inhabitants of Salt Lake arose yesterday morning in Plum alley, when six Japanese became involved in a hot discussion of the tong war among the Chinese. Knives were drawn to illustrate the methods of the Chinese highlanders, and when Patrolmen Harold Sleater and D. H. Crowther arrived at the scene of conflict, Y. Kawaka, who had expressed favor for the Yee family, was upon the ground bleeding from half a dozen knife wounds.

Three other Japs, G. Okara, Y. Kasoki (who had used a brick) and C. Horoda were placed under arrest, the three having been slightly wounded during the affray. Kawaka was removed to the emergency hospital and later sent to St. Mark's hospital, where it was stated yesterday afternoon that his chances for recovery were doubtful.

Following their arrest, the Japs wanted the patrolmen to accompany them to the house of the Yee family, in order to settle their argument over the merits of the Chinese tong war before being taken to jail. The patrolmen refused to risk further complications. Other Japanese residents of Plum alley and Commercial street were greatly wrought up over the arrest of their fellow-countrymen, and extra patrolmen were placed in the oriental district yesterday afternoon.

EXCEEDED SPEED LIMIT

Carnegie's Chauffeur Haled Into New York Court—Iron Master Was Broke.

New York, Dec. 4.—Andrew Carnegie had to stop to bail his chauffeur today, although he had no money with him, and the call of the golf links was pressing.

With Judge Reid and another Pittsburg man, Mr. Carnegie was on his way to St. Andrews' links, when the car was held up and his chauffeur arrested on a charge of exceeding the speed limit.

"You know, your honor," said Mr. Carnegie, to Magistrate Hermon, "I'm very careful with my chauffeurs. I pay them very good salaries, and in addition a bonus of 10 per cent of their wages to abstain from liquor."

When it came to a question of bail for the chauffeur, Mr. Carnegie said he had not any money with him.

"I'll lend you some," volunteered the court, "but property will do."

Mr. Carnegie offered his mansion at No. 2 Ninety-first street as security, which Magistrate Hermon thought was sufficient.

GERMAN COAST SWEEP BY DISASTROUS GALE

High Water Dykes Broken, Many Vessels Wrecked and Great Loss of Life.

Cuxhaven, Germany, Dec. 4.—News of fatalities resulting from the storm continue to reach here. The fishing steamer Berlin has picked up the lifeboat of the small steamer Vegesack at the mouth of the Elbe. The Vegesack, it is believed, has foundered, probably with the loss of all on board. Four men, a young woman and a child, who were in the lifeboat, were frozen to death. The torpedo boat G 89, while attempting to run into Husum harbor went ashore, but her position is not thought dangerous.

Wyk, Prussia, Dec. 4.—This seaside resort was badly damaged by the gale early today. The high water dykes in the Kleiter marsh were broken down in places and the countryside flooded. Several lives were lost and great damage to property was done.

Heligoland, Dec. 4.—Many casualties occurred among the fishing fleets in the North sea during the storm that reached its height here early today. The crews of all the life-saving stations on the island were put to the test of their endurance.

Wilhelmshaven, Prussia, Dec. 4.—A small Dutch vessel was wrecked on the coast during the night, and four men were drowned.

Flemling, Prussia, Dec. 4.—The German torpedo boat G 89 has been driven ashore by the storm. If she can be saved at all, it will be only with the greatest difficulty.

PECKHAM'S SUCCESSOR.

Both Minnesota and Iowa Have Candidates for the Position.

Washington, Dec. 4.—The Minnesota Legislature in congress has laid before President Taft its unanimous endorsement of Judge Walter H. Sanborn, to succeed the late Justice Peckham upon the supreme court bench.

Des Moines, Ia., Dec. 4.—The Des Moines Bar association today urged President Taft to appoint State Supreme Judge Horace E. Beemer of Red Oak, Ia., as successor to Justice Peckham.

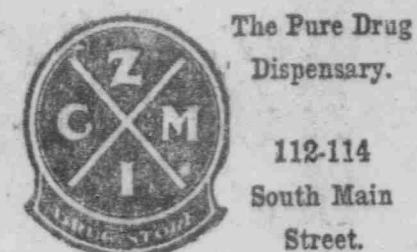

MORE LAND WITHDRAWN.

Washington, Dec. 4.—Upon recommendation of the secretary of agriculture, the secretary of the interior has withdrawn from all forms of disposition, except by mineral entry, vacant unappropriated lands in the Sacramento and San Joaquin land districts in California, as a proposed addition to the Plumas national forest. The withdrawn lands approximate 115,611 acres.

MYSTERY NOT UNRAVELED

No Proof That Mrs. Okey Snead Did Not Commit Suicide as Stated in Note.

New York, Dec. 4.—The physician who attended Mrs. Okey Snead at the birth of her baby visited the morgue at East Orange, N. J., today and positively identified the body there as that of Mrs. Snead. His evidence, if confirmed, disposes of a theory advanced by insurance companies in which Mrs. Snead held policies, that a substitute, intended to impersonate her, had been smuggled into the unfurnished house, where, on last Monday, a young woman was found dead in a half-filled bathtub.

There is thus far no proof that the girl did not die as the note found at her side says—by suicidal drowning. If the case is pronounced one of suicide, the prosecution will endeavor to show that Mrs. Snead was driven to it by insistent mental suggestions and deliberately inflicted bodily torture. Miss Virginia Wardlaw, an aunt of the victim, is still in jail.

Fletcher Snead, the missing husband, whose life also was insured for \$24,000, has not been found, and the police are investigating a rumor that he is a prisoner at the Elmira, N. Y., reformatory.

PLACE FOR RIDGEWAY.

Denver, Colo., Dec. 4.—A. C. Ridgeway of Denver, for many years general manager of the Denver & Rio Grande, is said to be slated to become second vice-president in charge of operation of the Rock Island and of the recently divided Rock Island-Frisco system. It is said he will replace H. W. Muddie, just elected president of the Rock Island.

MOTHER AND TWO CHILDREN DEAD--BABY ALSO STABBED

Cleveland Police Looking for Stepfather, Supposed to Have Committed the Murders

Cleveland, Dec. 4.—Mrs. Josephine Mangino and her two children, Annie and Jimmie Lupica, were murdered in the kitchen of their home here at noon today in a quarrel over money matters. Joe Lupica, the baby of the family, was stabbed fatally.

Search tonight was directed toward Antonio Mangino, husband and stepfather, who left the house after the tragedy, bought a glass of beer at a nearby saloon and then boarded a car running for the southeastern part of town, where his relatives are said to live.

Mrs. Mangino and the three children were horribly beaten and stabbed. In each instance the victim's head was crushed with a heavy iron bar, and the bodies were stabbed again and again. The tragedy was witnessed from a doorway by Angelo Lupica, 4 years old, and by Mary Ritorro, a neighbor's child, but

Jimmie Lupica, the elder boy, gave the alarm. "Mamma's killed and I'm hit!" he cried, running into the street, and then ran back into the house in an effort to save the lives of the other children, but fell dying on the threshold.

According to the story credited by the police, Mrs. Mangino had sold the house, which was left her by her first husband, Giuseppe Lupica, who was shot in a street fight two years ago. From the sale of this house she was reported to have realized \$1,700. Mangino, who has been out of work for three months, became involved in an argument over the situation.

there has been no injury to her hull. The officers and 700 marines on board the Prairie are chafing at the delay in getting away, but are working vigorously to help float the ship. The marines have been put to good use in lightening the vessel.

The work of preparing the transport Dixie, now at the navy yard, has progressed so far that the ship can sail within a few hours to take the Prairie's place. The Dixie was being made ready for sea before the Prairie went aground, and after the news of her mishap reached the yard the work of getting her ready was pushed as much as possible. The officers of the Dixie fully expect to be ordered to take the Prairie's marines to the isthmus of Panama.

RECEIVED IMMUNITY.

Indictments Against A. M. Wilson of San Francisco Dismissed.

San Francisco, Dec. 4.—On motion of Assistant District Attorney Francis J. Heney three indictments for bribery against A. M. Wilson, a member of the Ruef-Schmitz board of supervisors, and later a state railway commissioner, were dismissed today.

The plea for dismissal was made on the ground that Wilson had testified fully and freely in the recent trial of Patrick Calhoun, and thereby had won pardon for himself.

Wilson was one of the supervisors who received immunity for their testimony in the graft trial, but his testimony during the Ruef trial was declared by the district attorney's office a violation of his contract and he was indicted on three counts.

BAKER HAS TWO WIVES TO LOVE AND CHERISH

Serious Problem Confronts Ernest Pendleton of Los Angeles Just at Present.

Los Angeles, Dec. 4.—Ernest Pendleton, a prosperous baker, who has lived in this city for twenty years, is confronted today with the difficult proposition presented by the fact that he has suddenly found himself possessed of two wives, and that he has two households to provide for and supervise. The fact that his two wives are sisters and that there is not only no discord between them, but a great affection, and that he is equally fond of both, only tends to complicate the situation for him.

Thirteen years ago Mr. Pendleton was married to his first wife in this city; he lived with her seven years. Then she was attracted to a band of religious people known as Holy Rollers and went away with them. Hearing that she had procured a divorce in Denver, Pendleton, three years ago, married a younger sister of the first Mrs. Pendleton in this city. The first Mrs. Pendleton returned to Los Angeles a few days ago and has met her former husband and been forgiven. While he does not know yet just what his legal matrimonial standing is in regard to the sisters, Pendleton has undertaken to maintain an establishment for each until some solution of the difficult problem can be found.

TICKLED TO GET WATCH

Thief Took Timepiece, but Police Caught Miscreant and Recovered It.

Emil Harler, of Provo, is a man unashamed of true emotions, and he expressed all the delight of a child recovering a long-lost wedding present, repeating in a glass case in the chief of police's office yesterday afternoon. It was a part of the loot recovered at the time of the arrest of John Wilson, who this week received a twenty-year sentence for burglary.

Harler said he had met Wilson in Provo. He had associated with him for several weeks. Then Wilson disappeared. Only yesterday morning Harler learned of Wilson's arrest, and he immediately learned the idea dawned upon him that perhaps Wilson had taken his watch.

Harler visited Chief S. M. Barlow's office yesterday morning and told his story. He was asked to describe the watch. His description tallied exactly with that of the only watch left unclaimed in the chief's office, even to the locket charm and the picture within. Harler was as excited as a child when shown the watch, and tears of delight were in his eyes as he left the office.
